ANNUAL REPORT
OF THE FINANCIAL STANDING OF THE
TOWN OF SKOWHEGAN,
FOR THE YEAR COMMENCING MARCH 1, 1864,
AND ENDING MARCH 1, 1865.

REPORT.

TO THE VOTERS OF THE TOWN OF SKOWHEGAN :

The Selectmen, Auditors for this year, in pursuance of a law approved March 25, 1864, (but unofficially reported at this date to be repealed,) in presenting their Report would premise that the past year has been peculiarly an unfortunate one to the town.

Scarcely had the financial year commenced when the Small Pox made its appearance in a locality of the town, and among a class of people which could not or would not keep themselves isolated, and it became necessary to establish a temporary Hospital, and conduct it at a large expense, as will be seen by this report.

Added to this, just at the commencement of spring work on the Poor Farm, the House was burnt, consuming nearly all the supplies, furniture, bedding, &c., the value of which, besides the house, was not less than \$450. A new farm was purchased and the old one sold, and we think the result shows that the wisdom of the town was justified in their vote for the purchase and sale rather than to rebuild on the old farm. The expense for the Poor of the town as will be seen, is largely increased from last year, partly owing to the temporary support of the inmates of the Poor House until they could be removed to the new Farm; but chiefly to the enhanced cost of food and clothing, caused by the inflation of the currency. The estimates of the Selectmen last year on the various items of expenditure have all fallen below the actual cost for the same reason. All these things have added largely to the current expenses of the town.

The above casualties together with the furnishing men for the war, and in raising money therefor, have imposed an amount of labor and responsibility upon the Selectmen perhaps not generally understood by the town, but they will probably be brought to a realizing sense of it when they look at the amount of their bills for services. With what success they have managed affairs it is not for us to decide.
